Title : Farmers - Scientists Interaction Programme cum Pre - Kharif Campaign on Integrated Crop Management in Major Crops organized in collaboration with Coramandel International Limited.

Venue : Kushnepalli Village of Nennela Mandal of Mancherial District

Activity:

KVK, Bellampalli participated in a Farmers - Scientists Interaction Programme cum Pre-Kharif Campaign organized in collaboration with Coramandel International Limited on Integrated Crop Management in Major crops, i.e., Rice and Cotton.

In this connection, Dr. Shivakrishna Kota, Programme Coordinator, KVK, Bellampalli addressed the farmers on Integrated Crop Management Practices in Rice and Cotton and created awareness on Integrated nutrient management including importance of integrated nutrient management in cotton and rice etc. And suggested the farmers to apply FYM and to cultivate green manure crops to enrich the soil for higher yields to double their income.

Later, Dr. I. Thirupathi, SMS (Crop Production) created awareness on Integrated Nutrient and Weed management in Cotton and Rice.

Later, Sri. Nagaraju Alugoju created awareness on Integrated pest and disease management in Cotton and Rice, particularly on Management of Pink Boll Worm and Boll rot Management in cotton and YSB, BPH, False smut and panicle mite management in rice etc.

Further, motivated the farmers to subscribe to the PJTSAU and KVK, Bellampalli YouTube Channels.

Coramandel Staff Participated: Dr. Sudhakar Reddy, Divisional Agronomist, Sri. Papi Reddy, Senior Agronomist, Sri. Sravan Reddy, Marketing Officer, Sri. Preetham Reddy, Agronomist, Sri. Thirupathi and Sri. K. Rajesh, MDT.

No. of Farmers Participated: 65 farmers participated.
