ICAR-ATARI, ZONE-X, HYDERABAD

KVK : KVK MEDAK (DDS)

DATE : 08/11/2024

TITLE : Animal Health & Fertility Camp

VENUE : Kashimpur, Zaheerabad

ACTIVITY :

The Animal Health & Fertility Camp was conducted in collaboration with the Zaheerabad mandal

Veterinary Department:

Emphasized the importance of sex-sorted semen in milch animals. The benefits explained included improved production of replacement heifers, fewer male calves, a rapid increase in milk production, and better utilization of feed and resources. The programme also involved insemination with sex-sorted semen.

1. Additionally, the significance of mineral mixtures in enhancing the immunity, production, and reproduction of milch animals was discussed. Mineral mixtures were distributed to the participants.

Staff Involved: Dr. Madne Kailash, SMS - Animal Husbandry, Dr. Azinkya (VAS), Rajayya (JVO)

Participant Type & Number: 30 Farmers
